

SATURDAY 26th SEPTEMBER, 12:30PM TO 3PM

'RENEWAL' MANDALA MAKE

AT **LITTLE BELHUS COUNTRY PARK,**
SOUTH OCKENDON

This year T100 is a call to action to rise to local challenges through the collective process of designing and making beautiful large-scale mandalas. Together we will creatively re-imagine how we can make a difference in our communities for future generations.

We invite you to join your neighbours in designing and creating your own community mandala in response to the local theme in your area, **RENEWAL**.

We are offering art workshops to help your team design a mandala using recycled brick, concrete and ceramics that can become a permanent feature in your garden as a home for insects to live in. On 26th September, we will be working with Rural Arisings and the Grass Roof Company on the creation of a new insect habitat.

T100 CALLING

WALKING, TALKING + MAKING

12th to 27th SEPTEMBER 2020

FREE WORKSHOPS
